

**Keyword:** Coming to Texas A&M

**Interviewee information:**

- Name/nickname: Gustavo
- School year: 2022
- Major: Technology Management
- Hometown: Laredo, Tx
- Family's country of origin: Mexico

**Transcript (copy segment transcript here):**

[00:00:18-00:01:07] Awesome. So what made you decide to go to college? I mean, I don't want to be a bum. Gotta do something in life. Gotta learn. Get some knowledge. Okay. Yeah. What was the application process like? It was simple. I guess. I took a class in high school. It was like a college prep class. So we did like a lot of the application work on there and we had like a lot of help. So it was pretty easy. So you got help in school? Did you get any kind of help at home? No, not really. Mm hmm. So- My parents didn't like- they don't speak English. So it was really hard for them to, like, help me with anything. So I had to, like, ask my teachers and stuff.

[00:01:08- 00:01:29] Can you tell me about the day that you got your acceptance letter? Yeah, it was, I checked the mail and I got like the big packet. The red packet. I saw that I got accepted. So I took the picture and I told my parents and told my friends. So that was a really like, fun night.

[00:01:29-00:01:58] Can you tell me about your first day here on campus? My first day on campus was at the NSC. Mm hmm. And I was mostly by the NCS and like Kyle field, but I got to explore like some of the campus. And I realized that it was really, really big. And I got lost a couple of times, but it took me a while to, like, find everything. But it was- it was really nice, like seeing such a big campus.
